How do I get a hold of you?

My phone number is: 920-379-0962

Email is: ken@kgcphoto.com

Studio Address: 558 N Main St. Oshkosh, WI 54901

Mailing address: Please ask as it is different to the studio address

Questions & Answers:

What kind of photography do you do?

Really, really good photography. :) My wedding photography is in a bit of a natural documentary style. I got my start photographing all over the country and selling my nature and landscape photos way back in January of 2001. I have prints hanging in personal collections as well as several Midwest universities and doctors' offices. I feel that nature has a considerable influence on how I shoot and compose wedding pictures. I also want to tell a story of your day through pictures. I get everything from the getting ready stuff to all of the cool happenings at the reception depending on how long you want me there. Aside from the couple formal pictures (must get those for the parents!) I like to remain invisible throughout the day. Think of me as a ninja with several cameras hanging around my neck.

How much time do I need?

If you're looking for early reception coverage or your ceremony and reception are at the same venue my 6-hour coverage may work though it would be good to get the reception events done sooner if you want to guarantee pictures of the dances, etc. If you'd like me to capture through the grand march and all-important dances 9 hours would work the best (it's what I book the most). Now, if you want me at the salon and then tagging along throughout the entire day the 11-hour coverage would be best (I love going to the salon! Great pictures!). For good storytelling pictures I would recommend at least 9 hours. If you're looking for something a bit smaller on a Sunday, just send me an email as I do offer custom 4-hour coverage starting at \$1700. This coverage is also available on Saturdays from December 1st to March 31st.

Do you customize wedding packages?

Of course! If you don't see a package that fits let me know and we could work out something that fits your special day. Just drop me an [email](#) or give me a call at 920-379-0962.

Are you available on my wedding day?

Probably. Maybe... ;) Send me an email or give me a call and I can let you know. If I do happen to be booked for your date (dang it!) I can send you a couple great referrals of photographers for whom I have worked with in the past who are almost as awesome as me. :)

How much do I need to put down to hold my wedding day?

With a signed contract a booking fee of \$1000 is required to hold your date with the remainder paid 30 days before the wedding date. I do it this way, so I don't have to chase you down on the wedding day and it is one less thing to worry about on the big day. Other payment plans are also available.

Can you hold my wedding date?

I cannot unless kittens, pizza or cheese curds are involved. Maybe root beer too. Really, to be fair to other couples I book my wedding dates on a first come first serve basis. If you're mailing me the contract let me know and I'll give you a week or so for that to arrive.

What if I don't use the engagement session?

Perhaps if you're planning your wedding from out of state you may not need the engagement session. If you don't use the engagement session in the Complete and Total Collections, it can be used as an extra hour towards your wedding coverage. Otherwise, it has no cash value.

What is the print credit?

These are the prints included with your wedding coverage. You want awesome prints for the living room wall, right? You can use this to get some enlargements of your wedding pictures, or it can also be used for enlargements of your engagement pictures.

How long do I wait for my pictures?!?!?

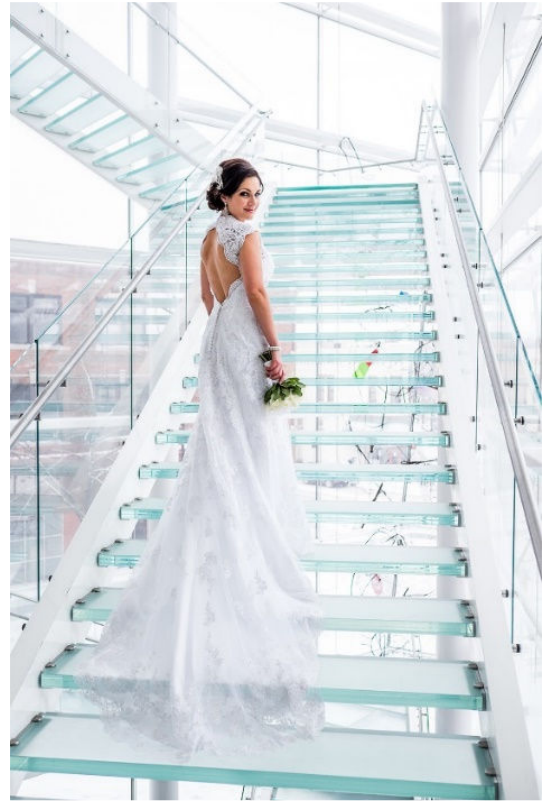

Approximate turnaround time for your images (the actual flash drive) is about two to three weeks...usually less. The slide show and online proofs of your wedding will be up on the website within 5-7 days of the wedding. If you friend me on Facebook, you might be tagged in a couple pictures within a day or so (I love posting teasers!). The hardcover books will take a while longer (about 1-2 months or so after images are chosen for the book). I will get them to you as quick as possible without sacrificing quality.

Where can my friends and family order pictures and how much?

You can order pictures at:

<http://kencravillionphotography.pixieset.com>.

For the first two weeks after the pictures go up there is a 25% discount on all orders. Reprint prices are: 4x6--\$6 5x7--\$12 8x10--\$20 11x14--\$45 16x20--\$90. Canvas, mounted and metal prints are also available on the website.

Do you include a flash drive with all of the pictures?

Yup, you get a cute little wooden flash drive in a lovely linen/paper box. The personalized flash drive included with each package has the full resolution pictures. This means that you can print your images and there will be no limitations as to what you do with them even if you want to put a 30x40 inch picture of yourselves over the couch. Included on the flash drive will be a PDF print release file. That said I still retain copyright to the photos and may use them for promotional purposes. Most likely just my website portfolio gallery. When you get your flash drive, I do recommend backing the files up on another hard drive or two. Always good to have an extra copy stowed away somewhere.

How about albums?

Yup! As you can see on my website, I offer a couple lovely albums with my wedding packages. All three of the packages include either a linen book (the 6 hour includes an 8 inch book, 9 hour having a 10-inch book and the 11 hour having a 12 inch book). Upgrades to leather are available for all packages! All books include 80-100 pictures tastefully designed to tell the story of your wedding day with your input. I'll need 20-30 of your favorite pictures as well.

What's the engagement session about?

These are fun! The session is a wonderful way for us to meet and hang out taking

some cool pictures along the way. First, I'll get a few pictures that are safe for the parents. Then we'll go and wander around finding neat little places to take some great and fun photos. I usually do these in the Oshkosh/Fox Valley area. Usually, we spend 1-2 hours wandering around.

What is the guest book from engagement photographs

Couples love these. They are designed using the photos taken from your engagement shoot. A generous amount of white/empty space is designed into the book to allow family and friends to sign and leave messages. What a way to show off your engagement pictures than to have guests sign in and leave messages.

How many pictures do you shoot?

Just 1. ☺ Enough to get all of the great pictures from your day! With the 6-hour coverage you'll get between 200-400 pictures and with a higher hour coverage you'll get between 300-600 pictures. I can't give an exact amount because every wedding day is different.

What type of equipment do you use, and do you bring backup equipment?

I shoot with my my lovely purple iPhone 14 Pro Max most of the day. It allows me to be quite unobtrusive and I can post the pictures to Instagram Facebook right away! Just kidding... I use Sony digital cameras and a large assortment of professional lenses and flashes. The cameras are totally silent which is great for photographing in a church. The lenses often allow me to shoot without a flash allowing me to be pretty ninja-like... That way I can remain inconspicuous and let you go about your day. I also bring backups of everything. Cameras, lenses, flashes, pants, underwear, etc.... I'm covered if something happens.

What do you wear?

Sometimes I wear pants. And maybe a shirt. If you're lucky. Really, I try to look like a guest with 2-3 large cameras hanging around my neck! Really, to perform my best I need to be comfortable, so lightweight but dressy clothes are the norm... Usually black or dark grey.

Do I have to feed you?

I do occasionally get hungry. I can eat with the guests if you'd like. The crazier the better! If you have assigned seating, closer to the front table is better as I may need to get up there quick for pictures of the speeches or you two kissing. And don't laugh when I ask for the kid's meal.

How many weddings have you done?

Quite a few! 400+ in the last 15 years. Ken Cravillion Photography has been in business since January 24th, 2001.

What if you get sick?

Easy...I don't get sick. I have been working (17+ years) I have been sent home twice and called in once at my various jobs and I have never missed a wedding. Ever. Rest assured I do have a network of excellent photographers to call on if the worst happens.

What else do you do besides weddings?

Being awesome! Ha ha... I like to hang out with family and friends. I've got two little girls that are just so dang cute that I spend all day with. I also enjoy nature and nature photography... Check out the nature photography section of my website to see what I do and where I like to go. Also, nature photography I feel is a considerable influence on my wedding photography and how I compose and see your pictures.

Do you travel for weddings?

Heck yea! I primarily serve Northeast Wisconsin including Door County and the surrounding area. Travel to locations within 2 hours of Oshkosh, Wisconsin is at no extra charge. Locations beyond 2 hours (a moon wedding would be cool) is subject to extra charges such as lodging, gas, space travel, food, etc... Basically, if you want me there no matter where, I will be there. I love to travel!

Photographer for life?

Yes! Not only do I photograph weddings... I am available for your family photos, maternity photos as well as photography of your new baby. And when that baby gets bigger, I can do their senior pictures.
